Sanjyot Dhamal

8856906418 | sanjyotdhamal31@gmail.com | linkedin.com/in/sanjyot-dhamal | Pune, Maharashtra, India

Education

MIT ADT UNIVERSITY,PUNE – 412201 Pune, Maharashtra
Bachelor of Technology in Computer Engineering *Aug 2023 – Present*

- Relevant Coursework: Machine Learning, Artificial Intelligence, Data Structures & Algorithms, Database Management Systems, Data Analytics Fundamentals
- Active participant in **Smart India Hackathon 2025** (Internal Round)**;** ranked **44/200 software teams**, **11th in Agriculture & Rural Development domain**

Sinhgad College of Arts, Commerce And Science ,Pune Pune, Maharashtra
Higher Secondary Certificate (HSC) *July 2021 – May 2023*

Technical Skills

Programming Languages: Python, C, SQL, JavaScript, HTML/CSS
Machine Learning & AI: Scikit-learn, TensorFlow, Pandas, NumPy, Matplotlib, Seaborn, Neural Networks
Tools & Technologies: Git, Tableau, Google Cloud Platform, Jupyter Notebook, VS Code
Core Skills: Machine Learning, Data Analysis, Problem Solving

Experience

Artificial Intelligence Intern June 2025 – July 2025
Codec Technologies India (AICTE & ICAC Recognized) *Virtual*

- Completed a 1-month virtual internship in Artificial Intelligence
- Developed a **Stock Price Prediction** model using historical Tesla stock data and machine learning model to predict short-term price trends.
- Built a **Movie Recommendation System** using Python that recommends movies based on a user's selected theme.
- Strengthened skills in Python programming, machine learning fundamentals, and data handling
- Gained hands-on experience in model development and result analysis

Projects

Smart Agri-Booth | *Python, Flask, SQLite3, Panda, Matplotlib, IoT* 2024-2025

- Built a web-based platform to support farmers with digital agricultural services
- Developed using Flask, HTML, CSS, and JavaScript
- Included soil analysis, service requests, and government scheme information
- Simulated IoT data for monitoring farm conditions

Subsi-Chain: Subsidy Distribution Tracker | *Blockchain, Web Application* 2025

- Built a blockchain-based system to track government and NGO subsidies for farmers
- Designed separate dashboards for farmers and authorities to manage and view subsidy status
- Recorded subsidy transactions on a secure, tamper-proof blockchain ledger
- Improved transparency and reduced chances of fraud in subsidy distribution

Certifications

- **IBM Machine Learning with Python & Scikit-learn** IBM
- **Machine Learning Capstone** Coursera
- **Responsible AI: Applying AI Principles with Google Cloud** Google Cloud
- **Introduction to Tableau** Tableau
- **Data Analytics Job Simulation** Deloitte Australia(Forage)

Achievements & Activities

Academic Excellence: Maintaining strong academic performance while pursuing hands-on projects in AI/ML
Continuous Learning: Completed multiple industry-recognized certifications in ML, AI, and data visualization
Innovation Mindset: Passionate about building real-world applications that solve practical problems
Growth-Oriented: Actively seeking opportunities to contribute to cutting-edge technology projects
Sports: All India University National Rowing Championship - Quarter-Finalist
